Zero the Hero's 100th Day

Dear Parents,

As you are all aware every 10th day of school is celebrated within our mathematics lessons. The children complete problem solving and reasoning challenges and receive a visit from Zero the Hero. On **Wednesday 11th February** it is Zero the Hero 100th day of school celebration.

For this celebration children are invited come to school dressed as a superhero to participate in Zero the Hero challenges. Dave Gibson from 'Skip2bfit' is also in this day and will be running superhero themed challenges. Therefore, it is important that your child wear their **trainers**.

Children are welcome to wear a range of superhero costumes from t-shirts, home made resources to a full costume.

We look forward to seeing the children's amazing costumes and hope everyone has fun investigating and solving mathematical problems.

Yours sincerely

Miss D Snaithe
Headteacher
