

Askern Littlemoor Infant Academy

ACCESSIBILITY PLAN 2022-2025

Legal Background

Under the Equality Act 2010, schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act (1995). The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief or sexual orientation".

The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools.

Definition of Disability:

Disability is defined by the Disability Discrimination Act 1995 (DDA):

'A person has a disability if he or she has a physical or mental impairment that has a substantial and long term adverse effect on his or her ability to carry out normal day to day activities.'

Purpose of Plan

This Plan shows how Askern Littlemoor Infant Academy intends to ensure and improve the accessibility of our academy for pupils, staff, parents/carers and visitors who may be disabled.

This Plan is anticipatory – it requires thought to be given in advance to what adjustments might need to be made to prevent any disadvantage.

We aim to ensure that our academy is a welcoming place that understands and responds effectively to children and adults with disabilities, and we recognise the importance of a review and planning procedure associated with continuous development and improvement.

Areas of planning responsibilities

- Increasing access for disabled pupils to the academy curriculum (this includes teaching and learning and the wider curriculum of the academy such as participation in extra-curricular activities, leisure and cultural activities or visits)
- Improving access to the physical environment of the academy (this includes improvements to the physical environment of the academy and physical aids to access education)
- Improving the delivery of written information to disabled pupils, which is provided in writing for pupils who are not disabled.

Aims

Askern Littlemoor Infant Academy aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. The academy is fully committed to providing an environment in which all pupils are able to flourish. Our academy recognises the value of every pupil as an individual and aims to effectively meet the needs of all its pupils.

We aim to:

- create an educational partnership with pupils and their families
- identify and respond to individual needs
- identify and overcome potential barriers to learning
- encourage our KS1 pupils to participate in a range of extra-curricular activities
- ensure our pupils are equipped to transition to the next phase of their education (Key Stage 2- usually Spa Academy)

Askern Littlemoor is committed to making any reasonable adjustments in order to effectively support all pupils.

The academy will base support around individual learners' needs, e.g. information on a disability or medical need, an Education Health Care Plan or Educational Psychologist Report. Where a pupil has an Education Health Care Plan, the academy will liaise with the Local Authority to ensure that the identified provision is delivered in an appropriate manner.

In line with the Equality Act 2010, our academy is committed to ensuring equality of opportunity for all pupils, staff, parents, carers and visitors irrespective of race, gender, disability, belief, sexual orientation, age or socio-economic background.

We promote a culture of inclusion and diversity in which all members of the school community feel proud of their identity and are able to participate fully in academy life. We seek to reduce discrimination and harassment of any member of the Academy and will not discriminate on any of the protected characteristics, save where discrimination is permitted by law.

Protected characteristics include:

- Religion or belief
- Race- colour, ethnicity or national origin
- Gender or gender identity
- Sex or sexuality
- Marital or civil partnership status
- Pregnancy or maternity
- Disability
- Age

Staff are provided with one-page profiles and pen pictures highlighting individual pupils' needs.

Our Academy has an accessible site and buildings with the following:

- Outside play areas and grounds that are fully accessible to all.
- Accessible toilets within all classroom areas
- A lift to allow access to our mezzanine level within the main school building
- One clearly marked disabled bay in the car park.
- A changing bed within a specially equipped changing room
- Key pupils have evacuation plans in case of an emergency

As a staff, we:

- Deliver a range of interventions to support individual pupils with their early literacy and numeracy development
- Provide strategic support from our SENDCO
- Provide Teaching Assistant support in lessons as appropriate
- Deliver emotional and social skills support to individual pupils

The main priorities in the school's accessibility plan

We take advice on support needed for children with disabilities and work with experts to ensure they have the support necessary to fully include them in the life of the school.

The action plan ensures that:

- The school draws on the expertise of external agencies to provide specialist advice and support.
- The SENCO has an overview of the needs of disabled pupils.
- There are high expectations.
- There is appropriate deployment and training of learning support staff.
- Successful practice is shared within the school.
- The school works with partner schools within Leger Education Trust.
- Disabled pupils have access to all the curriculum.

Training

Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010, including understanding disability issues. The academy supports any available partnerships to develop and implement the objectives; e.g. through Doncaster LA, in addition to partnerships through Leger Education Trust.

Documents and Policies

The Accessibility Plan should be read in conjunction with the following academy policies, strategies and documents:

- Equality Objectives
- Equality Policy
- Staff development policy
- Health and Safety Policy
- Special Educational Needs Policy
- Behaviour Policy
- School Improvement Plan

Our academy's complaints procedure covers the Accessibility plan. If you have any concerns relating to accessibility in the academy, this procedure sets out the process for raising these concerns. This plan has been drawn up in conjunction with pupils, parents, staff and governors of the school and will advise other school planning documents.

It is a requirement that the school's accessibility plan is resourced, implemented and reviewed and revised as necessary. Attached is a set of action plans showing how the school will address the priorities identified in the plan.

The Accessibility Plan may be monitored by Ofsted during inspection processes in relation to Schedule 10 of the Equality Act 2010.

Monitoring and Review

The SENDCo will report on the Plan to the Head Teacher as appropriate.

The Head Teacher will report to the Governing Body on any relevant aspects of the working of the Plan as appropriate.
