We are a caring, supportive community, whose values are built on mutual trust and empathy. We work to the principles of a restorative ethos. This behaviour policy is designed to support the way in which all members of the academy can live and learn collaboratively, in an environment where everyone feels happy, safe and secure.

6. TEACHING AND LEARNING

- It is vital to promote positive behaviour in the classroom.
- Effective teaching can help to support the promotion of positive behaviour. By effective teaching, we mean that lessons are well planned, differentiated for ability and learning styles, use activities that are engaging and challenging, include assessment for learning opportunities.
- All lessons should be and delivered with pace and enthusiasm.
- Teaching methods should engage challenge and active participation for all, delivered within respectful boundaries that provide a supportive environment.
- Lessons should aim to develop the skills, knowledge and understanding, which will enable the children to work and play in cooperation with others.
- Generous use of praise should be used to highlight good examples of learning and behaviour to encourage the same in others.
- Wherever possible, transgressions should be dealt with discreetly to minimise disruption to learning and maintain the focus on positive behaviour in school.
- Classroom strategies are based around a whole school agreement with each cohort negotiating their own variations.
- Assertive teaching styles and good relationships are essential in establishing a positive ethos in the classroom and all adults need to be consistent and respectful in their interactions.
- Adults understand that anticipating and intercepting positively can prevent disruption.

- When actions have caused harm and consequences have been applied, it is important that the teacher quickly repairs and rebuilds relationships.

7. CLASSROOM MANAGEMENT AND ENVIRONMENT

7.1 Classroom management and teaching methods influence children's behaviour. The classroom environment gives clear messages to the children about the extent to which they and their efforts are valued. Relationships between teacher and students, strategies for encouraging good behaviour, layout of furniture, access to resources and classroom displays all have a bearing on the way children behave.

7.2 Classrooms should be organised to develop independence and personal initiative. Quality materials and resources should be accessible, thus reducing uncertainty and avoiding disruption. Displays should develop self-esteem and raise aspirations through demonstrating the value of every individual's contribution.

8. LITTLEMOOR VALUES AND REWARDS

8.1 Expectations for behaviour are made explicit through Our Golden Rules which are displayed on posters around the academy. These rules are referred to at all times to maintain consistency and embed understanding.

8.2 We have adopted Golden Rules in school which are understood by all members of the school community and provide clear guidance of our expectations. These are as follows:

We are gentle	<i>(We don't hurt others)</i>
We are kind and helpful	<i>(We don't hurt anybody's feelings)</i>
We listen	<i>(We don't interrupt)</i>
We are honest	<i>(We don't cover up the truth)</i>
We work hard	<i>(We don't waste our own or others' time)</i>
We look after property	<i>(We don't waste or damage things)</i>

Rewards used include:

- Verbal praise
- Adult/peer acknowledgements
- Class rewards
- Weekly 'Star of the Week' certificates
- Phone calls/emails home from teachers and head teacher
- Opportunities to show examples of work to another teacher /head teacher
- Extra privileges
- Displays in class
- Achievement assembly certificates

The purpose of the above is to:

- Raise self-esteem
- Create a positive culture
- Enable children to appreciate their strengths
- Enable children to recognise the success of others

9. SANCTIONS

9.1 If a pupil fails to follow our Golden Rules, the following options can be used:

- Structured ignore
- Verbal reminder to the pupil of the rule they have broken
- Reiteration of the rule and the pupil warned of the consequence
- Miss 5/10 minutes of break supervised by class teacher
- Time out in another classroom with appropriate work
- Time with head teacher/SLT member
- Restorative intervention
- Speak to parents regarding behaviour not meeting required standard
- Inviting parents in to support their child and share strategies
- Missing treats such as an academy trip

Very rarely:

- Short term suspension for a fixed period
- Permanent exclusion

9.2 An exclusion is seen as a last resort after all other attempts to modify behaviour by restorative intervention, and adjustments within the organisation to meet the needs of the child, have failed.

9.3 These attempts could include:

- Working in partnership with parents
- Further personalising curriculum
- Addressing basic needs to support inclusion – food, clothing, nurturing &
- Staff peer support for innovation and adaptation of strategies
- Seeking support and advice from partner agencies
- Intervention from pastoral worker
- Peer support and empathy
- Developing a bank of coping strategies

9.4 If the head teacher decides to exclude a child, to secure the well-being and entitlement of other children and staff in the academy, this will be carried out in accordance with Local Authority guidelines.

10 RESTORATIVE APPROACHES

10.1 Restorative approaches encourage pupils to think not only of the consequences of their behaviour on themselves, but also to consider the impact of their actions on others, and on the wider community.

10.2 The restorative process is based on five key questions:

- What happened?
- What were your thoughts/feelings?
- Who has been affected/harmed?
- How can we meet everyone's needs and find a way forward?
- How can we do things differently in future?

10.3 Sometimes a child is unable to respond to these questions, in which case staff will employ strategies that enable the child to communicate what happened and how they are feeling.

10.4 Pupils are given the opportunity to reflect on their actions and the chance to put things right through mediation and discussion. Restorative processes do not shy away from applying sanctions, but focus on the need to take responsibility for finding a constructive way forward for all concerned. The impact of this approach is evident in the relationships forged throughout the academy.

10.5 The strategies involved, which include active listening, respectful discussion and taking ownership of issues, result in a positive ethos.

11. BEHAVIOUR OFF THE ACADEMY PREMISES

11.1 Staff may discipline pupils for misbehaviour off the academy premises when the pupil is:

- Wearing the academy uniform.
- Travelling to or from the academy
- Taking part in any academy-related activity.
- In any way identifiable as being a pupil at the academy.
- Staff may also discipline pupils for misbehaviour off the academy premises that, irrespective of the above:
 - Could negatively affect the reputation of the academy.
 - Could pose a threat to another pupil, a member of staff at the academy, or a member of the public.
 - Could disrupt the orderly running of the academy.

11.2 Any bullying witnessed outside of the academy premises and reported to a member of staff, will be dealt with in accordance with the academy's Anti-Bullying Policy.

11.3 The academy will impose the same behaviour sanctions for bullying incidents and non-criminal misbehaviour, which is witnessed outside of the academy premises, as, would be imposed for the same behaviour conducted on academy premises.

11.4 In all cases of misbehaviour outside of the academy premises, staff will only impose any behaviour sanctions once the pupil has returned to the academy premises or when under the supervision of a member of staff.

11.5 Complaints from members of the public about misbehaviour by pupils at the academy are taken very seriously and will be dealt with in accordance with the Complaints Procedure Policy.

12. STAFF TRAINING

12.1 The academy recognises that early intervention can prevent misbehaviour. As such, teachers will receive training in identifying problems before they escalate; this can be behavioural problems in the classroom or during breaks and lunchtime.

- Teachers and support staff will receive training on this policy as part of their new starter induction.
- All staff members are provided with sufficient training in de-escalation strategies and dealing with disruptive and challenging behaviour as part of their induction programme – this training is updated on an annual basis.
- Training may also be refreshed in light of recent incidents and challenging behaviour, or where it is apparent that existing methods are not as effective as they could be.
- Specific staff members are trained in the approved methods of physical intervention in line with the academy's Physical Restraint and Use of Reasonable Force Policy.
- All staff will also receive training on the common symptoms of SEMH problems and what to do if they think they have spotted a developing problem.
- At least one member of staff will know every pupil and receive training on how to spot where challenging or unusual behaviour may have an underlying cause that needs addressing.
- Teachers and support staff will receive regular and ongoing training in behaviour management and SEMH as part of their development.

13. MONITORING AND REVIEW

13.1 This policy will be reviewed by the head teacher and SENDCo on an annual basis, who will make any necessary changes and communicate these to all members of staff.

13.2 This policy will be made available for Ofsted inspections and review by the chief inspector, upon request.

13.3 The next scheduled review date for this policy is November 2024.
